NOTICE TO TOWNSHIP CLERKS

The following list of teachers includes all who have received or filed certificates in this county to November 1, 1921. When you examine your directors' reports, should names of teachers, not herein included, be found on such reports, they cannot be accepted until evidence is presented to you that such persons were qualified teachers in this county at the time.

NOTICE TO SCHOOL OFFICERS AND TEACHERS

(See General School Laws.)

No teacher is legally hired unless there has been a legal meeting of the School Board, at which time the majority of the Board voted to hire such teacher. School officers cannot contract with a teacher not holding a certificate valid in the county where she expects to teach. No public money can be paid to such a teacher. Districts employing such teacher will forfeit primary money the following year. A contract must be made and signed by the School Board and the teacher. Certificates must be filed in the office of the county school commissioner and institute fees paid before a teacher is qualified to teach and draw public money.
